PROFESSIONAL SUMMARY

Motivated Computer Science & Engineering student with hands-on full-stack development experience building production-ready web applications using ReactJS, Node.js, and PostgreSQL. Completed a Software Developer internship at Invensis Pvt Ltd. Demonstrated ability to deliver high-accuracy ML solutions (92%) and RESTful APIs. Certified in Anthropic Claude API, Oracle Cloud, and Salesforce. Actively seeking a software engineering role to contribute to impactful products.

TECHNICAL SKILLS

Frontend: ReactJS, Tailwind CSS, shadcn/ui

Backend: Node.js, Ruby on Rails, REST APIs

Languages: JavaScript, Python

Databases: PostgreSQL

Tools & Concepts: Git, GitHub, Postman

AI Tools: Prompt Engineering, Claude AI (Anthropic API), ChatGPT, GitHub Copilot

INTERNSHIP EXPERIENCE

Software Developer Intern | Invensis Pvt Ltd | Jan 2026 – May 2026

- Worked on full-stack web development tasks using industry-standard tools and technologies.
- Leveraged AI tools such as Claude AI and ChatGPT to accelerate development, debug code, and improve overall productivity.
- Collaborated with the development team to build and maintain software features for client projects.
- Gained practical experience in software development life cycle, code reviews, and agile workflows.

PROJECTS

Resume Analyzer | ReactJS, Node.js | Ongoing

- Built a resume skill extraction web application integrated with AI APIs to parse resumes and identify key skills automatically.
- Iteratively improving UI/UX and extraction accuracy through continuous development cycles.

Diabetes Tracker App | ReactJS, Node.js, REST APIs, PostgreSQL

- Developed a full-stack health tracking system enabling users to log and monitor diabetes-related metrics in real time.
- Implemented a responsive dashboard with user authentication and secure session management using PostgreSQL.

Vehicle Engine Sound Diagnosis | Python, Machine Learning

- Engineered a fault detection system that analyzes vehicle engine audio signals to identify mechanical issues.
- Achieved 92% classification accuracy using ML algorithms applied to audio feature extraction and signal processing.

EDUCATION

Bachelor of Engineering — Computer Science & Engineering

Mangalore Institute of Technology & Engineering | 2022 – Present | CGPA: 7.67

Senior Secondary (12th) – DPUE | 2020–2021 | 85%

SSLC – KSEEB | 2019–2020 | 89%

CERTIFICATIONS

- Claude with the Anthropic API — 2026
- Oracle Cloud Infrastructure Data Science Professional — 2025
- Salesforce Developer Catalyst — 2024
- Salesforce Trailhead Badges (2025) — [View Trailblazer Profile](#)
